WORK EXPERIENCE

Product/Project Manager- Team Lead **September 2025 – June 2026**
Greystar *Mumbai, India | Global remit across USA and Canada*

- Translated internal-user needs into a prioritized backlog of workflow improvements, defining requirements, user stories and acceptance criteria for property onboarding, offboarding and marketing launches.
- Partnered with cross-functional teams to implement Wrike automation across 10 recurring workflows and create 10 reusable templates, standardising assignments, approvals and reporting for 12 team members.
- Supported workflow validation, rollout and adoption, using stakeholder feedback to refine task dependencies, exception handling and handover requirements.
- Helped reduce turnaround by 60%, from 10 to 4 working days, through workflow automation and clearer requirements, while coordinating 150 projects over 10 months with 95% on-time completion.
- Prioritized workloads and allocated tasks across 10 team members using delivery data, achieving 95% on-time completion.

Senior Consultant (Product Delivery Manager) **June 2025 – September 2025**
Destar (BNP Paribas CIB & ISPL) *Mumbai, India | APAC*

- Translated business-user needs into requirements and implementation priorities for an APAC Procure-to-Pay platform rollout spanning 12+ migrated vendor, purchase request, purchase order and cost-centre processes.
- Partnered with SMEs, IT and Operations Risk to prioritize workflow improvements by business criticality, dependencies and operational readiness, aligning stakeholders on release scope.
- Coordinated end-to-end acceptance testing and rollout readiness across approval routing, exception handling and access permissions, supporting adoption of migrated workflows.
- Defined reporting requirements and built an SLA performance dashboard that reduced review time by 20%, enabling stakeholders to identify bottlenecks and prioritize process improvements.

Digital Project Manager — CEO Office **July 2024 – February 2025**
Marriott (Blue Ridge Hotel Partners LLC) *Chicago, USA*

- Led discovery and requirements definition for an AI-powered digital media automation initiative, translating marketing and outreach needs into a prioritized backlog and phased delivery plan.
- Defined workflow requirements and acceptance criteria across structured inputs, AI-assisted preparation, human review and approval, aligning automation with business needs and quality expectations.
- Coordinated cross-functional implementation, validation and rollout, managing dependencies and release priorities to reduce delivery delays by 25% while maintaining a 95% on-time milestone rate.
- Supported adoption and feedback-led workflow improvements, refining user guidance and review processes and contributing to a 15% increase in stakeholder satisfaction.

Project Management Consultant Co-op **January 2024 – June 2025**
Guyana Economic Development Trust *Boston, USA | Concurrent engagement*

- Led market discovery across 23 developing economies, prioritizing expansion opportunities across four operating models based on market needs and technology readiness.
- Built a reusable go-to-market framework that improved planning efficiency by 20% and reduced execution costs by 10%, supporting subsequent growth initiatives.
- Led a six-person cross-functional team to translate research into strategic recommendations, delivering the final proposal 10% under budget.

Digital Marketing Manager **July 2020 – August 2022**
Light Matter Media LLP *Thane, India | Promoted from Digital Marketing Associate*

- Managed Eazol India's B2B product launch and website revamp, aligning customer targeting and marketing execution to contribute to 40% revenue growth, from $1.8M to $2.52M.
- Supported onboarding of 4,000+ B2B clients and increased audience engagement 4× through targeted content and marketing automation.
- Progressed from Digital Marketing Associate to Digital Project Manager, managing scope, delivery priorities and cross-functional coordination across multiple client initiatives.
